Team A - Friendly

Match report by Morag

The friendly against Div 6 Tequila Shots gave Team A a welcomed opportunity to try out some combinations and work from the training ground. At the end of each quarter, both teams made lots of changes and went through periods of great play and periods of scrappy play. The first quarter was arguably the best by Hoops and looked well organised, controlled with lots of great passing. Not all of the training ground play came off for Hoops and there is still practise to be had, but there was some excellent play at times too and much to be happy about.

The game was incredibly friendly and a good laugh at times too and Hoops eventually came out victorious 28-27. GD unfortunately came to an abrupt halt in the last quarter and is in doubt for the next league match with a heavy wrist sprain - we do hope it gets better soon Ange!! Well done everyone
